- All motors over one (1) HP must have a Magnetic Starter and Manual Disconnect Switch (wired) furnished by the exhibitor.
- All wiring, motors, electrical installations, etc., will be inspected. To prevent overloading of circuits, exhibitors shall not be permitted to add wattage, except upon ordering same.
- Special electrical hook-ups or wiring incurring additional electrical labor charge must be taken care of prior to the close of the show.
- Price includes two (2) connections per outlet box for lighting and one (1) connection for power and motors. Additional outlets or power needed must be ordered through Tricord.
- Exhibitors found using power where none has been ordered are subject to 1 1/2 times normal rate for outlets used.
